

ORDER FORM

“Handbook of Forms and Letters for Design Professionals”

The Handbook of Forms and Letters for Design Professionals is an easy-to-use and efficient resource of forms and documents for everyone working in design—including engineers, architects, landscape architects, and interior designers who support the multitude of administrative and project management requirements of a design firm.

The Society of Design Administration (SDA), in conjunction with the American Institute of Architects (AIA) and its documents program, presents a full repertoire of procedural forms, documents, checklists, and spreadsheets used every day by design professionals in the areas of:

Administration: Office Administration, Human Resources, Marketing, Accounting and Information Technology.

Project Management: Pre-bidding, Bidding and negotiation, Construction, Post-construction.

An accompanying CD-ROM provides more than 100 ready-to-use sample forms and documents, many of which can be reformatted to meet users' individual needs.
